

# Airfield Estates

Rosé, 2021

## ABOUT THE WINE

The Airfield Estates Rosé of Syrah will fill your glass with cheering fruit. Strawberry, cooked and candied fruit aromas leap out as soon as a glass is poured. By using the technique of whole cluster fermentation, we've created a gentle wine that can be enjoyed on its own or alongside lighter meals.

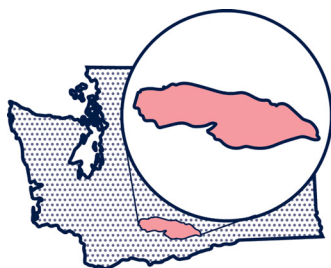

## DID YOU KNOW?

Pink wines are made from red grapes. To create a rosé, winemakers press red grapes and use a shorter maceration time. The color and structure of rosé comes from red wine skins.

## ABOUT THE REGION

The Yakima Valley AVA is nestled within the Columbia Valley in Washington. It's the state's oldest wine-growing region. It's known for producing high-quality wine grapes, and is suitable for nearly every variety, red or white. It's essentially high desert, with a long growing season of warm days and cool nights—and virtually no crop infections or pests.

Yakima Valley, Washington

## AT A GLANCE

TASTING NOTES

This rosé bottles up the best flavors of summer. Ripe berry flavors dominate the nose and the palate. Refreshing acidity makes it hard to stop at just one glass.

1) Look at the Color

2) Swirl & Smell

Strawberry

Rhubarb pie

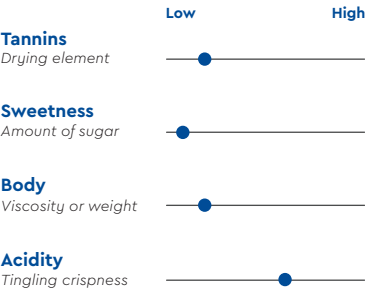

Candied cherry

Raspberry

3) Taste & Savor

TASTING TIP

Syrah rosé will showcase a lighter version of the powerful flavors found in Syrah. Instead of blackberries and blueberries, look for delicate summer flavors like strawberry and raspberry.

4) Pair and enjoy!

Crisp & Fruity

Match this wine's symbol to a Blue Apron Meal

This pretty wine is gentle enough to enjoy on its own, but flavorful enough to enhance the flavors of light meals. Try this rosé alongside salads including fruit, shrimp dishes, or Mexican cuisine.
