## Chenin Blanc Blend & Viognier Blend, 2021

### ABOUT THE WINE

Winemaker Matt Iaconis has a nose for remote, rough-and-tumble old-vine vineyards. This bottle is expertly blended from luscious Chenin Blanc and aromatic Viognier, creating a wine with bold aromatics and lean finish. Aging in stainless steel preserves the delicate fruit flavors from the grapes.

### DID YOU KNOW?

Chenin Blanc, like Riesling, can be used to make dry or sweet wines. Although this bottle is dry, Chenin Blanc can be vinified into exceptional dessert wines.

### ABOUT THE REGION

Lodi is a warm, dry region where just about every grape variety, red or white, grows well. Winemaking immigrants from Europe figured this out around 1850. Lodi is best known for Chardonnay and Zinfandel, but the cooling influence from the Pacific also creates excellent conditions for growing tart white wine grapes like Sauvignon Blanc.
